WASHINGTON, NOV. 6 (REUTER)-SENATOR KEY PITTMAN IS REPORTED TO HAVE STATED THAT ECONOMIC PRESSURE ON JAPAN MAY BE NECESSARY UNLESS RELATIONS BETWEEN THE TWO COUNTRIES

IMPROVE. AN EMBARGO MAY BE PLACED ON ALL EXPORTS TO JAPAN UNLESS THE ENTIRE JAPANESE ATTITUDE, WHICH IS DETRIMENTAL TO FOREIGN COUNTRIES WITH INTERESTS IN CHINA, IS CHANGED. HE ADDED: "THE GOVERNMENT CAN RETALIATE AGAINST AN-OTHER COUNTRY WITHOUT GOING TO WAR."

A REUTER MESSAGE FROM TOKYO reports that the United States policy in her relations with Japan, as outlined in an interview between the American Ambassador in Tokyo, Mr. Joseph C. Grew, and the Japanese Foreign Minister, Admiral K. Nomura, was discussed in the Miyako Shimbun.

Discussing the effect of the barbarities, not only on the prisoners but on the gaolers, which he believes to be the result of a deliberate policy, the writer says: "It is interesting to note. in this tragic connection, that parties of Hitler Youth are frequently taken through the camps.

Play continued in mid-field for some time before Hennessey, taking the ball down the boards, passed to Forrester, who, taking a shot while at full gallop, scored a beauty. The chukker ended with the Whites leading seven to one.

A good clearance by McDougall from a hit by Forrester marked the opening of the third chukker. Godley then got possession and with a good long drive passed to McDougall who improved the Reds

LONG BACK-HAND

A penalty against Whites for crossing was taken by McDougall without success. Chattey hit-out. The ball was met by Whitehead but cleared by Hennessey. Chattey passed high to Forrester but Whitehead tried to intercept with a long back-hand, but Morgan cleared and re-passed to Chattey who scored. The chukker ended with the Whites leading eight-

The fourth chukker opened with several mis-hits. Eventually Mc-Dougall passed to Forrester who scored, the ball being deflected off an opposing pony's leg. Both Mc-Dougall and Smith just missed scoring, Chattey saving one by a brilliant piece of work at the goalmouth.

From a penalty against Reds Forrester took the hit and Chattey scored. Another penalty against Whites taken by Whitehead was missed. Following a mid-field melee, Whitehead scored a spectacular goal when, with a beautiful crossshot under his pony's neck, off a pass from Godley, and the game ended with the Whites winners by ten to three.

According to the Government Health Bulletin No E-28, at least 50% of the adult population of the United States are being attacked by the disase known as Athlete's Foot Usually the disease starts between the toes.
Little watery blisters form and the skin cracks and peels. After a while the itching becomes intense and you feel as, though you would like to scratch off all the skin.

Beware of It Spreading

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen' The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or croich of the Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments, seldom do any good.

Here's How to Treat It. The germ that causes the disease is known as Tinea Trichophylon. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 25 minutes of boiling to kill. the germ, so you can see why the ordinary reme-H F was developed solely for the purpose of treating Athlete's Foot It is a liquid that penetrates and dries quickly You just paint the affected parts. It peels off the tissue of the skin where the germ breeds

Itching Stops Immediately As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief; especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

"Government controls the distribution of news much better now than during the last war." stated Dr. Lim Boon Keng when asked for his recollections of how news was displayed in the local press between 1914-1918

"People appear to appreciate the position much better now than they did then and there is much less excitement. The press of the world have in fact derived a lot of experience from the last war, and press attacks on either the allies or the enemy are in the majority of instances fair criticism." BISHOP CRITICISES "NEW MORALITY"

The Bishop of Ely, Dr. B. O. F. Heywood, in the "Ely Diocesan Gazette," states: "It is a tragic fact that some modern books on the subject of marriage and sexbooks in which behaviour is advocated which would be in adequately described as immodest 3-Comedian prepares to jump, -should have been written, wholly or in part, by clergymen and ministers of religion.

"For there must be many men stincts are at least doubtful of what is sometimes described as the 'new morality'; and when, for such people, inclination pulls one way and conscience another, it is calascene on back drop and quips, mitous that they should be able to find justification for surrender to inclination in the works of men who are popularly supposed to stand for true Christian morality."

The Bishop points out that he does not think the subject should be "hushed up." but adds that "there is all the difference between a plain statement of facts in wholesome speech, and language or instruction which is calculated to stimulate passion or to condone licence."

POPPY DAY IN COLONY: MAGNIFICENT OFFER BY AMERICAN COMMUNITY

Burden On Fund Will Be Greater: Give Generously

TO POPPY DAY BELONGS THE DISTINCTION of being the world's largest free-will offering for any charitable object made in one day.

Few would have prophesied that twice in their own life time the nation would have had to go through the same agony of suffering and face the misery of an other war. Yet it is so. But we enter this war with all the material and moral resources of the Empire behind us. "

The steady growth of the Poppy Day Fund from £106,000 in 1921 to £575,000 in 1938 is something more than a mere increase of money, it is a witness to the growing strength of the spirit of the Empire during those 18 years.

Crew Bring Claim For Wages

SUPREME COURT HEARING

An action, claiming \$10,826,98 as wages, was brought by former members of the crew of s.s. Guia, a Portuguese steamer, before the Chief Justice, Sir Atholi Mac-Gregor, at the Supreme Court

Plaintiffs were Chan Cheuk, pilot of the ship, and 39 other members of the crew.

The Hon. Mr. Leo D'Almada. Jnr., instructed by Mr. H. A. de B. Botelho, appeared for the plaintiff, while Mr. Percy Chen, instructed by Mr. M. A. da Silva, was for the present owner of the vessel," the Empreza Mercantil, Ltd.

Mr. D'Almada said that in answer" to the claim, the owners pleaded (1) that the plaintiffs were not entitled to the sum claimed; (2) that no wages were due to any of the plaintiffs up to March 18 last when transfer of the ship was made and (3) that two of the plaintiffs were not on board and consequently not entitled to their claims and (4) that the wages due to the others amounted to only \$1,209.04, which they offered to pay.

SUBSTANTIAL SHARE The ship came under the Portuguese flag in March last, but eyen then it was not owned by the defendants but by Dr. Lobarto, of Macao, who assigned it to them. "The Shun On Company was owned by Chen Kwok-wah who, at present, held a substantial share in the defendant company.

Chan Cheuk, in evidence, said he was master of the ship when it was under the Chinese flag. Since the transfer, "a Portuguese master had been engaged. He was now thief pilot at the same wages as when master. As master," he signed shipping articles, on February 9, 1937, in Hongkong.

Danger Of Over-crowding At Football Matches Is Stressed By F.A.

THE DANGERS TO WHICH CROWDS AT FOOTBALL MATCHES ARE SUBJECTED IN CASES OF OVER-CROWDING, especially in the event of an outbreak of fire, was stressed by Capt. H. H. Fantham at the Council meeting of the Hongkong Football Association yesterday.

A recent instance when the stands and ground of a club were so over-crowded that every gang-way and passage was blocked to capacity, making movement absolutely impossible, was cited by Capt. Fantham to illustrate the dangers to which thousands would be subjected in such instances in the case of a sudden fire, or a collapse of the stands.

Owing to the difficulty of arranging for players to go to Manila this year, the Secretary of the H.K.F.A. was requested at a Council meeting yesterday to write to the Manila Association to ask them if they could send a team to Hongkong in February. WORK REVIEWED

In reviewing the work of the Shumchun Rural Welfare Centre through its first year of being, Mr. Percy Chen said that the organisation, one of the youngest in Hongkong, was truly an offspring of the united effort of all the Chinese people and others who sympathised with them.

At present, the authority of the Chinese Government having temporarily left the region of Shumchun, the work there was necessarily suspended. However, the organisation had acquired a farm in the New Territories, 20 mow in extent and suitable for the maintenance of 10 families, and there with its field staff continuing to educate the farmers to the methods of modern agriculture. the Welfare Centre was continuing its work the ultimate aim of which is the welfare of all the farmers in South China.

Mr. Chen, continuing, paid tribute to the work of the young men and women of the Sun Yatsen University, the Lingman University, and the University of Hongkong who were giving of their splendid and unselfish service to the work of the Centre.

Mr. Chen said, "These young men and women, typical of young China, restored in part the education system of the Po On district by their own unaided efforts. At the time of the last evacuation we had three schools with a total of T. S. Fraser, of the Public Works | nearly 1,000 students and we were
